

Rochester Committee for Scientific Information

Annual Meeting and Presentation

Thursday, May 2, 2019

7:00 PM

**“The InSight Landing Site on Mars: Testing our
Predictions and First Observations”**

Presented by

Nick Warner

Nick Warner is an Assistant Professor in the Department of Geological Sciences at SUNY Geneseo. He is also currently a participating scientist on NASA’s InSight mission to Mars.

Before Geneseo he was a postdoctoral researcher at NASA’s Jet Propulsion Laboratory where he worked on choosing the landing site for the InSight mission. He also served as a geologist on the Mars Exploration Rover (Opportunity) mission. Nick graduated with a PhD from Arizona State University in 2008 and is an alumnus of the geology department at Geneseo ('00).

Monroe Community College

Building 8

Room 200
